The Institut Pierre–Simon Laplace Climate Graduate School (IPSL–CGS) is proud to invite 30 outstanding international undergraduate and master students to its 1st IPSL Spring School.

This weeklong program will include:
Scientific lectures, workshops and discussions on climate change observation, modelling and the consequences for humanity and biodiversity.

Practical information on studying in the Paris area (meetings with the international services of the universities and with current and past master and PhD students) as well as presentations on career opportunities and openings.

Open to applicants with undergraduate (B.Sc) and master (M1, M2, or equivalent) qualifications in physics, Earth sciences, environmental sciences or related fields.

Candidates will be selected based on their CV, motivation and a reference letter from their supervisors.

Deadline for the receipt of applications: 5th March 2020

Travel and accommodation costs will be covered by IPSL–CGS. The working language will be English.

For more information and to apply: https://ipsl-cgs2020.sciencesconf.org

The IPSL–CGS brings together many of the most esteemed scientists in the Paris area working in the field of climate change. It provides an exceptional opportunity to prepare for a master or a doctorate degree and to work with cutting-edge research laboratories and internationally recognised institutions highly placed in the Shanghai ranking of world universities.
